The Easter dawn

By WILLIAM L. TRIMYER
The Easter Dawn!
Lesson for April 19, 1981
Bible Study Passages: Matthew 27:62-28:10
INTRODUCTION

A bullet flies and a child dies. An auto accident causes a twenty-two year old man to become paralyzed from the neck down. A beloved, practicing physician is diagnosed with acute leukemia and dies within three weeks. A "healthy" young man enters the hospital for a "routine" ailment and unexpectedly dies! The joyous event of a newborn baby is shattered by the shocking death of the mother.

The above are real events which happen frequently in the hospital where I work. Such tragic dramas happen daily in every town and major city. What words of comfort and hope do we have for such occasions? What can we point to for loved ones who hover around freshly dug graves? Is there any light for such dark moments?

THE SEALED TOMB [Matthew 27:62-28]

The Sadducees and Pharisees were uneasy over the notion that Jesus would come forth from the tomb in three days. Such a preposterous idea moved them to secure the tomb for fear the disciples would come and steal away the body of Jesus. We many wonder if they really feared that Jesus' proclamation about himself would happen. So they secure the tomb and set watch to see what would happen.

It is interesting that Mary Magdalene and "the other Mary" came to visit the sepulchre. They were close friends to Jesus who ministered to him in his dying and in his death. There is something to be said for their willingness to come and complete the preparation for the burial. Then the unexpected happened!

The Open Tomb [Matthew 28:2-10]

The women who came to complete the preparations of Jesus for burial found the tomb sealed with a large stone. A miraculous event occurred in which the giant stone was removed and the women were instructed to inspect the tomb where Jesus once lay in death. "He is not here: for he is risen as he said. Come, see the place where the Lord lay."

Such news surely astounded the women and those who looked on. Everyone reacted with shock as the large stone blocking the entrance to the tomb was rolled away!

Then came to good news of Easter.**HE IS RISEN!** A man who was crucified was alive again! The news was so good that the women were instructed to go and share it with the disciples, and that they would see Jesus in Galilee. For their obedience the women were blessed with the opportunity to meet the Lord as they traveled to Galilee.

the Easter Dawn!

Some years ago a submarine sank off the coast of Massachusetts. Deep sea divers were called to investigate. They swam around the ship in search of signs of life. At last they heard a gentle tapping coming from within. The tapping was the dots and dashes of the Morse Code. The message from within spelled out the question, "Is there hope?"

Is there hope? This is a constant cry of humanity, and Easter is the answer to that cry. Because of Easter, death now wears a changed face. Because of the resurrection life and death hold deeper meaning.

We many wonder how we can talk of resurrection and the Easter dawn in the face of disease, tragedy and evil. The good news of the Bible is that Christ is a friend who shares our hurt and grants us victory over death.

The Easter dawn represents light for the sad and hopeless individuals who feel there is nothing but darkness. The Easter dawn opens the curtain on a drama of life both abundant and eternal.

Yes, there is hope. We neither face death nor loss of loved ones without some hint of hopefulness, and Easter is more than a hint of new life. Easter is God's great love manifested in his finest hour and grandest display of power. "O death, where is thy victory? O death, where is thy sting?"

May this Easter dawn upon you with a renewed sense of hope.

Dr. Trimyer is Chaplain at Burnham Hospital in Champaign, Illinois (WLYP).

"THIS IS THE BIGGEST YELLOW POPLAR TREE I've seen," says James A. Smith, Appomattox County extension agent of the huge yellow poplar shown above. Percy Thompson first saw the tree approximately 40 years ago and walked into the hole at ground level; it was a playhouse to children of the community. The tree measures 21 feet in circumference at ground level. A spring directly behind the tree has kept the tree watered. "I imagine that tree was a pretty big tree when Lee and Grant met here," laughed Smith.
